

SIL765: Networks and System Security

Semester II, 2023-2024

Project Midterm Report

March 12, 2024

Submission

The midterm report should be a single pdf file containing the following.

- Title (5 Marks)
 - Length: 5-10 words
- Name and entry number of group members
- Abstract (10 Marks)
 - Length: 150-250 words
 - This should contain 1-3 lines on each of the five key parts - Area, Problem, Solution, Evaluation, and Takeaway.
- Section 1: Introduction (15 Marks)
 - Length: 500-1000 words
 - This should contain 1-3 paragraphs on each of the five key parts - Area, Problem, Solution, Evaluation, and Takeaway.
- Section 2: Background and Related Work (10 Marks)
 - Length: Above 500 words
 - The background should contain the important information needed to understand the area of work.
 - The related work should cite 5-10 references that have the solutions closest to the proposed solution. It should contain a table illustrating a qualitative comparison of those solutions.
- Section 3: Problem Statement (10 Marks)
 - Length: 500-1000 words
 - System Model
 - Threat Model
 - Key Challenges
- Section 4: Proposed Solution (10 Marks)
 - Length: Above 500 words
 - 1-3 figures/tables

- Section 5: Completed Evaluation (10 Marks)
 - Length: Above 500 words
 - 1-3 figures/tables
- Section 6: Planned Evaluation (10 Marks)
 - Length: Above 250 words
- Section 7: Summary (10 Marks)
 - Length: 150-250 words
- References (10 Marks)
 - Number: 10-15
 - Format: IEEE
